

Animal Nutrition **with a plus**

# FROM BOTANICAL SEED TO BENEFICIAL FEED

Quality & Compliance

# COMPLETE TRANSPARENCY FROM SEED TO FEED.

Our supply chain is deeply integrated. Every step from procurement to processing and delivery is transparent, and we can account for everything along the way. The proven effect remains our top priority even over the longest product life.

## FOR A WIDE RANGE OF APPLICATIONS

Poultry

Swine

Ruminants

Dogs

Cats

Horses

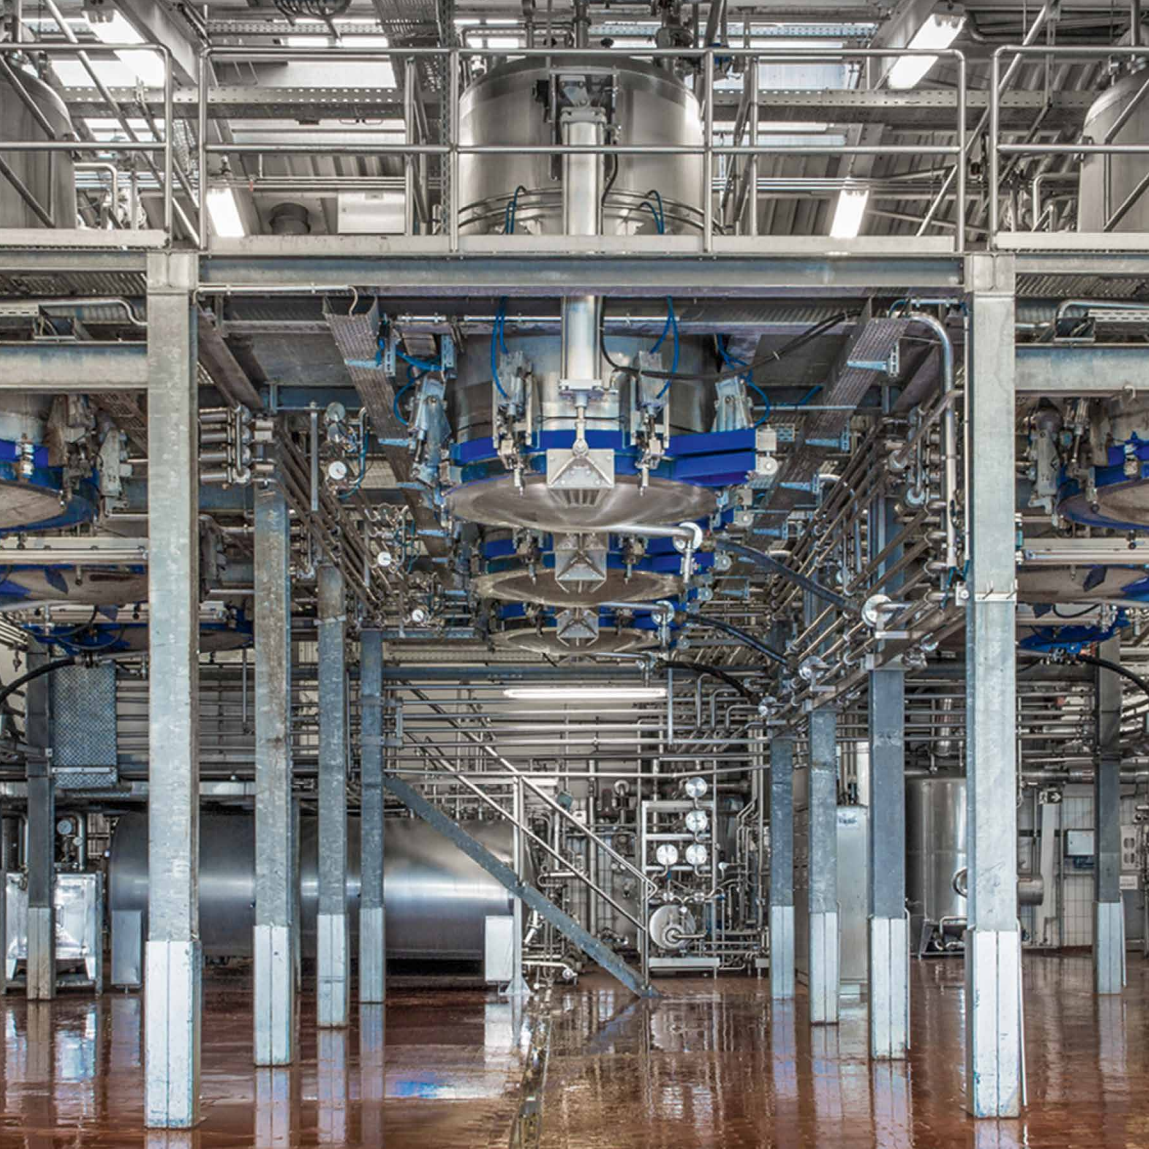

Rodents

Fish

Shrimps

Research

# EFFECTIVENESS VERIFIED & DELIVERED.

We combine three things to this end: insights gleaned from studies that verify plants' effects, our knowledge of animal physiology, and laboratory-assisted micro-analysis of botanical substances. Our know-how, methods and state-of-the-art equipment enable us to deliver efficient, high-quality solutions.

True added value is based on proven efficacy. Standardized herbal products fulfill this value proposition.

## CERTIFICATIONS

Quality and safety certification systems for our specialty feed ingredients and feed materials are mandatory to us.

We bear the responsibility for feed safety.

Animal Nutrition

# SIMPLE AND SAFE TO USE – WITH **NATURAL ADDED VALUE.**

As manufacturer with decades of experience, we know how to extract and process botanicals and manage the entire supply chain. Our technologies and processing methods lead to different formats, which achieve the desired effects to meet your required solution as feed material or feed additive.

**WE ARE YOUR RIGHT PARTNER FOR THE  
ENTIRE DEVELOPMENT PROCESS.**

Format

# BOTANICAL INGREDIENTS SAFELY TRANSFERRED TO YOUR PRODUCT.

We choose the product format and processing method to suit the species and application, ensuring the required delivery format achieves the desired effect.

We have more than 200 botanicals in our range. Together we identify the right plant for your purposes, qualified and optimized for your application.

# THE VANGUARD OF BOTANICAL SOLUTIONS

**We are MartinBauer. We bring the benefits  
of botanicals to industry.**

Clients in the tea, beverage, food, animal nutrition and pharmaceutical industries count on us to source, process and refine more than 200 botanicals from over 80 countries. Our partners – growers and clients – join us in bringing the functional power of plants from the field to the shelf in a sustainable way. Finding out what our botanicals can do for our clients comes natural to us.

# LET'S TALK ABOUT WHAT OUR BOTANICALS CAN DO FOR YOUR BUSINESS.
